

# STUDENT INFORMATION SHEET

This Student Information Sheet is divided into two sections. Section 1 is intended to have you describe your various accomplishments both within and outside of the classroom. The information reported in Section 1 may be included in your Health Careers Committee letter of recommendation, so please be certain the information is accurate and complete.

The answers to the questions in Section 2 will not be transmitted to the health professional schools. Rather the information in this section is intended to get you to reflect on what you will bring to the health career. Again, the answers to these questions will not be transmitted to a health professional school.

## Section 1

1. In which of the Health Professions are you interested?
2. a. What honors, if any, have you received while in college? Include honorary societies, Dean's List, etc.  
b. Were you a Faculty Scholar? Trustee Scholar? Presidential Scholar? North Country Scholar?
3. To what organizations do you belong? List in order of importance to you. Include student government, hobby, and social groups. Included offices held in these organizations and any special projects in which we were especially involved.
4. In what athletics have you participated? What awards have you received in athletics? How many hours per week have you spent in athletics?
5. Have you authored any published prose, poetry, scientific or journalistic material? List titles and where published.

6. Do you sing, play a musical instrument, or participate in other art forms, such as drama, painting and so on? If so, to what extent? List any awards or recognition received for such activity.
7. What jobs have you held during the past three years? Indicate which were summer and which were held during the school year.
8. What are your hobbies? List in order of importance to you.
9. What person, agency, or other factors most influenced your decision regarding a health career?
10. What health career related experience have you had?
11. Briefly describe your motivation for a career in the health field.
12. What plans do you have following graduation from professional school?

## **Section 2**

1. What do you feel is your greatest academic strength? Explain.
2. What do you feel is your greatest non-academic strength? Explain.
3. What do you feel is your greatest academic weakness? Explain.
4. What do you feel is your greatest non-academic weakness? Explain.
5. What do you feel has been your greatest accomplishment?
6. What has been your greatest disappointment?
7. What do people most often criticize you for?
8. What do you most often criticize others for?
9. Please provide an autobiographical sketch or any additional remarks which you believe would be useful in helping us gain a better understanding of your personality and life history. In this narrative you might also indicate when and under what circumstances you became interested in a health career.
