

The Arts Collaborative works to bring artistic events and activities to the St. Lawrence community and to help integrate arts programming into courses and co-curricular activities. We invite proposals that explore the role of the arts across the curriculum from any individual, department, or program.

While we anticipate proposals involving guest artists, proposals involving presentations or performances by SLU faculty and staff are also welcome, and interdisciplinary collaboration is encouraged. Student-sponsored events must include a faculty or staff coordinator.

We will consider proposals for events to occur in Fall 2012. Typically proposals are funded up to \$7,500, but the committee will consider proposals up to \$20,000.

Deadline for submission is **Monday, March 5th**.

To submit a proposal, please use the form provided at <http://www.stlawu.edu/artscollaborative/>.

Our major criteria in considering proposals are:

1. that there will be some kind of public event, such as a performance, demonstration, reading, or concert, open to the entire campus and off-campus community;
2. that the artist(s) will be willing to participate in short campus residencies in order to visit classes, give workshops, and the like;
3. that the individual proposing the event, with the support of Karin Blackburn and the Arts Collaborative, will serve as coordinator for the residency.

Please feel free to contact any member of this committee with any questions.

Co-Chairs:

Kasarian Dane, Art and Art History
Karin Blackburn, Academic Affairs Office

Members:

Alison Del Rossi, Associate Dean for Faculty Affairs
Mark Denaci, Art and Art History
