

These clinics are designed for any age player who is interested in further developing their baseball skills during the winter months. The clinics will take place at St. Lawrence University Leithead Field House. These are the same facilities used by the St. Lawrence Saints baseball team to prepare for their upcoming season.

Individual instruction will be given to all players in all aspects of the game. Each day will be dedicated to a specific skill with instruction coming from St. Lawrence University baseball staff under the direction of head coach Pete Hoy.

**Day 1 December 28: Pitching or Catching**

This is a one-day session giving instruction in all areas of pitching and catching. Players will choose to do one or the other. Pitchers will throw full bullpens to the catcher with velocities measured with a radar gun.

**Day 2 December 29: Infield or Outfield Play**

In the morning session Little League kids will receive instruction in both the infield and the outfield while in the afternoon session the older kids will choose to receive instruction in either the infield or outfield. Each session will include a hitting segment.

**Day 3 December 30: Hitting Only**

This is a one day session giving instruction in the area of hitting. Instruction, drills and repetition with feedback will be given to all players.
