

Welcome to SAINTSLink!

Connecting you with events, employers, *and* alumni

Every St. Lawrence student has access to SAINTSLink **ANYTIME, ANYWHERE**
go to: <https://stlawu-csm.symplicity.com/students/>

Username: SLU e-mail address

Password: student ID number

This on-line recruiting system allows students to:

- Find and apply for jobs and internships
- Access almost 2,000 SLU alumni in the SLU Career Mentor Network
- View all Career Service events including job & internship fairs, on-campus recruiters, and workshops
- Sign up for on-campus interviews and events
- Receive targeted e-mails based on interest

Once you have logged in, you will see the following tabs across the top of the page:

home On the home page you will be able to see announcements from the Career Services office and access quicklinks to upcoming events.

profile In this section you will complete a profile about yourself. This tells Career Services important information including your name, e-mail address, major, the type of work you are interested in, etc. Having this information allows us to e-mail targeted job and internship opportunities to you.

documents In this section you can upload copies of your resume, cover letters, and other application documents. Once you have them posted you will be able to submit materials to apply for jobs and internships right through the system! All resumes should be reviewed by Career Services before they are uploaded. This is also the section where you can choose to have your resume included in resume books for employers to review.

jobs and internships In this section you can see current job and internship opportunities and LACN internships that Career Services has posted and search the NACELink extended job search site.

employers In this section you can search for specific employers and view their company information and available positions.

interviews In this section you can view on-campus interviews for which you are scheduled.

networking This section allows you to search for SLU alumni in the Career Mentor Network. You can search by employer, title, or major. After viewing the information, if you would like to contact the alum, click "Interested" at the bottom of the page and you will be able to see their address, e-mail, etc.

events This tab allows you to search for Career Services events that you are interested in and sign-up to attend those events.

calendar This tab allows you to see what is happening that day in Career Services. Click "Month View" to see upcoming events.
