Limit your results to Scholarly (Peer Reviewed) Journals and click Search:

![Search Interface]

You can narrow down your results using search limiters located under the Refine Results section:

![Refine Results Interface]

If you are searching in multiple databases, you can view the results from each database individually by selecting the database of interest (scroll down to the bottom of the Refine Results section):
To access an article, click the FIND @ SLU button:

You will be taken to a page with bibliographic information as well as links to access the article. Click the link to retrieve the full text of the article, if available:

---

**Title:** Space, time and dopamine.

**Author:** Arbuthnott.

**Published in:** Trends in Neurosciences

**v. 30 no. 2, pp. 62-69  Date: 20070201**

---

**Full Text**

Retrieve the Full Text of this article at Elsevier ScienceDirect Freedom Collection

LIB. HAS 01-01-1995 -

**Journal Article**

Search by title in Journal Finder

If not available through Journal Finder, request article via Interlibrary Loan

---

If you do not see a link to the full text, click on the Journal Finder link to search the SLU collection for the article, by journal title:
If the article is unavailable at SLU, you can request the article through inter-library loan:

TIPS FOR FINDING RELEVANT ARTICLES:

• If you find one great article, look to see what subjects and/or keywords are used and try using these in your search
• Look through the works cited list of a great article to find other, relevant sources to use
