French Language Floor Application  
Guidelines & Agreement

Application due by 4:00 p.m.  
Wednesday, March 25<sup>th</sup>  
to Residence Life, SC 230  
attach your orange housing assignment card  
to this application

During the 2009-2010 academic year, language floors will be available for students who wish to live in a residential community dedicated to foreign languages and cultures. It is an expectation that residents of the floor speak French in their communities. Each floor will have a Language Assistant who is available to assist students with both residential and language issues. The location of the language floors will be determined based on student interest. Rooms will be assigned beginning with the lowest lottery numbered applicant.

**Please answer the following questions in French.**

Why would you like to live on the French language floor?

What programmatic ideas will you bring to the community?

I have read the Language Floor guidelines and agree to abide by them in full should I be placed on the French Language Floor.
