During the 2009-2010 academic year, an area for students who wish to live in a community of scholars will be continued. The Scholars' Floor is located in the 2000s of Sykes. This floor feature doubles, singles, and one triple room. Rooms will be assigned beginning with the lowest lottery numbered applicant.

GOAL: To create an environment for students who choose to place emphasis on their academic success. All residents must be committed to the following guidelines:

1. Residents of the Scholar's Floor must maintain a 3.5 cumulative grade point average.
2. Residents of the Scholar's Floor agree to standards, set by the community, which aid in the academic atmosphere of the hall. These standards may include extended quiet hours and/or group study sessions.
3. Visitors in this area must adhere to community rules and expectations and must not disturb other residents.
4. Members should recognize that they are responsible for upholding policies and standards as outlined in the Student Handbook.
5. Members should recognize that if they fail to follow guidelines 1-4 they may be relocated to another living area.

I have read the Scholar's Floor guidelines and agree to abide by them in full should I be placed in the Scholar's Floor.
