5. If you cite a work with three or more authors:

The chimpanzee Nim was raised by researchers who trained him in American Sign Language by molding and guiding his hands (Terrace, Petitto, Sanders, & Bever, 1979). In subsequent citations, use the first author's name followed by "et al." in either the signal phrase or the parentheses:

Nim was able to string together as many as 16 signs, but their order appeared quite random (Terrace et al., 1979).

6. If you cite two or more works in the same parentheses:

Researchers argued that the apes in the early language experiments were merely responding to cues (Sebeok & Umiker, 1979; Terrace, 1979).
