Model United Nations

Organizational Status
Sustainability Resolution

Whereas St. Lawrence University is committed to creating a sustainable and environmentally conscious campus community; and
Whereas St. Lawrence recognizes “as an institution of higher education of some privilege we have an obligation to lead by action to mitigate climate change;” and
Whereas “green is an unofficial St. Lawrence color because of our commitment to environmental sustainability;” and
Whereas St. Lawrence University pledged to zero-net greenhouse gas emissions by 2040 in 2006; and
Whereas many of our peers have pledged net zero GHG emissions by 2025 or sooner; and
Whereas there is no longer a sustainability coordinator position at the University; and
Whereas the previous sustainability coordinator played a central role in environmental projects and campus education; and
Whereas the Thelomathesian Society has a duty to represent the interests and environmental needs of the greater St. Lawrence Community;
Therefore be it resolved that the Thelomathesian society implores the University to attain zero-net GHG emissions by 2030; and
Be it further resolved that the Thelomathesian society strongly supports the President and senior staff to hire a sustainability coordinator in order to further St. Lawrence’s commitment to sustainability and renewable energy sources.
