3rd Grade at Canton Elementary School
Julia Hall, Lucy Zimmermann, Brittany Coxe, Tori Small Devlin Rutherford

Our Duties

We visited Mrs. Bastien’s room weekly to help students with their academics and provide them with a positive role model. Our leadership class taught us how to take initiative in the classroom.

Being a community mentor and a participant in the class was an worthy experience. I was able to interact and assist my CBL students more than I typically do, which allowed me to implement leadership skills learned in class.

- Julia

My CBL placement was very rewarding. It was exciting to see the students improve throughout the semester, especially in terms of their multiplication tables! Mrs. Bastien taught me how to be a confident leader and role model for children.

- Brittany

I was pleasantly surprised how welcomed I felt at the school and in the environment. I formed strong bonds with the students and the teacher, Ms. Batien. Not only was this placement a great experience for me but it also sparked my interest in education.

- Lucy

I learned a lot about myself and I found Mrs. Bastien to be a mentor to me as I explore career possibilities. She cares a lot about her students and goes the extra miles to make them all feel welcomed.

- Tori

Taking a leadership role in the classroom both benefited the students and bolstered my own sense of purpose and accomplishment. Before this experience I thought of teaching as a chore, but I now feel fortunate to be in a position to provide a service to the community around St. Lawrence.
