Introduction and Background Information
Bittersweet Farm is a small-scale, family-run CSA in Heuvelton, NY. Owners Brian and Ann stay true to their philosophy behind sustainable agriculture in running their farm. Through the CBL program with St. Lawrence University, Brian and Ann receive support from students, while in turn providing those students with new and unique perspectives regarding organic food production. The secret behind the success of Bittersweet Farm lies in an unwavering connection to sustainable farming ideology and to the community.

Our Roles at the Farm
• Feeding animals
• Miscellaneous repair
• Greenhouse work
• Collecting wood

How Bittersweet Farm Helped us Gain New Perspectives
• Bittersweet can provide more sustainable means to accessing healthy food
• Through the CSA system of Bittersweet Farm, members have a deeper understanding and connection to their food
• Brian and Ann’s respect for their animals results in a more humane operation.

Concluding Remarks
• Bittersweet Farm could continue to benefit through community support
