

**Special Circumstances Appeal Form
2021 – 2022**

Student Name: _____
Last First M.I.

Dear Student:

The primary responsibility for financing your education rests with you and your family. Unless a student is classified as Independent for financial aid purposes by federal definition,* parental income and asset information must be included in determining eligibility for need-based financial aid. Student (and parent, when applicable) contributions (together make up the Expected Family Contribution or EFC) are calculated using a congressionally mandated needs-analysis formula. The St. Lawrence University Financial Aid Office recognizes that this formula may not always accurately reflect special circumstances for individual students and/or families.

If your situation has changed significantly from the information you provided on the 2021– 2022 Free Application for Federal Student Aid (FAFSA), you may submit a completed Special Circumstances Appeal Form with the required documentation. Please allow 1 – 2 weeks processing time after we receive your appeal request.

Once a completed request is reviewed, it may result in either, 1) a reduction in the base year income and/or assets, 2) the use of projected income for the current calendar year, or 3) an increase in Cost of Attendance (COA) for the current academic year.

In some cases, an adjustment may not increase the student’s eligibility for gift aid (grants and scholarships that do not need to be repaid). In fact, the adjustment may only increase the student’s or parent’s eligibility for loans, change non-need-based loans to need-based loans, or may not result in any increased aid.

If you wish to proceed with this Special Circumstances Appeal Form, please check and complete all applicable sections on pages 2, 3, and 4, sign, attach all required documentation, and return to the Financial Aid Office at St. Lawrence University.
