

Stalking Incident Log

What is happening to you is not your fault. A detailed account of the events that are taking place is the most critical part of an investigation related to stalking. Filling out this log does **not** require you to press charges against your stalker, but it **does** allow you to have an organized record of events should you choose to do so at a later time. Please be as detailed as possible when completing this log. It is a good idea to keep a copy of this log with someone you trust, as well as to save any items, phone messages, recordings, letters, text messages, etc. that you have received from this person. If you need anything at any time, please call the Advocates Program Hotline at 315 244-5466 or Safety and Security at 229-5555.
