

Department of Mathematics, Computer Science, and Statistics  
**Statistics Minor**

A minor in statistics requires five units, at least three must have the prefix STAT.

If you are also majoring or minoring in mathematics, use the appropriate worksheet for that combination.

**Requirement Checklist:**

STAT XXX \_\_\_\_\_

STAT XXX \_\_\_\_\_

STAT XXX \_\_\_\_\_

XXX \_\_\_\_\_

XXX \_\_\_\_\_

STAT XXX

BIOL 303 – Biostatistics

CHEM 342 – Thermodynamics and Kinetics

ECON 200 - Quantitative Methods

ENV 323 – Environmental Epidemiology

GEOL 233 – Geographic Information Systems

PSY 205 - Research Methods

SOC 301 - Quantitative Methods

Other courses from outside the department which include a substantial statistics component may also count towards the minor.

| Fall 20 ____ | Spring 20 ____ | Fall 20 ____ | Spring 20 ____ |
|--------------|----------------|--------------|----------------|
|              |                |              |                |
|              |                |              |                |
|              |                |              |                |
