

**HEDS Sexual Assault Campus Climate Survey
2023 Undergraduate Frequency Report
St. Lawrence University**

Released 08/24/2023

This report contains data on the responses of undergraduate students to each question on the HEDS Sexual Assault Campus Climate Survey.

We compare St. Lawrence's results to two different comparison groups from institutions that administered the survey in the 2021-2022 and/or 2022-2023 academic years:

- 1) all Baccalaureate Liberal Arts Institutions
and
- 2) all other participating institutions.

Details about Incidents of Sexual Assault

The data below are from students who indicated that they had been sexually assaulted. We asked students who had experienced one or more sexual assaults to describe, in detail, one assault. Please note, for victims who experienced more than one assault, this information pertains only to the assault the victims chose to describe.

Information about Respondents

On this tab, we provide more detail on the demographics of respondents. Below, we include the responses to the demographic section of our survey along with any HEDS calculated variables. We've listed the calculated variables below the questions we used to derive those calculations. For more information about how we calculate these variables, see the Technical Information tab. We then show the number of respondents who selected "Prefer not to respond" for each question.

Information about Respondents

On this tab, we provide more detail on the demographics of respondents. Below, we include the responses to the demographic section of our survey along with any HEDS calculated variables. We've listed the calculated variables below the questions we used to derive those calculations. For more information about how we calculate these variables, see the Technical Information tab. We then show the number of respondents who selected "Prefer not to respond" for each question.

**HEDS Sexual Assault Campus Climate Survey
2023 Undergraduate Frequency Report
St. Lawrence University**

Technical Information

This report summarizes data from approximately 22,655 students at 74 institutions that administered the HEDS Sexual Assault Campus Climate Survey in the 2021-2022 and/or 2022-2023 academic years.

For the data comparisons in this report, we assigned institutions to one of the following groups based on their Carnegie Classification:

- Associates Dominant/ Associate's Colleges
- Baccalaureate Liberal Arts Institutions
- Baccalaureate Diverse / Special Focus Institutions
- Master's Institutions
- Doctoral Institutions

	St. Lawrence		Baccalaureate Liberal Arts Institutions (2021-2022 to 2022-2023) ²		All Other Participating Institutions (2021-2022 to 2022-2023) ²	
	n	Response Rate ²	n	Response Rate ²	n	Response Rate ²
All Respondents	259	14%	9,610	31%	22,586	20%

"1. 'All Respondents' includes all students who submitted surveys, regardless of how many questions they answered. While this report summarizes data from the undergraduate version of the HEDS Sexual Assault Campus Climate Survey, a small number of graduate students may be included in the report. If an institution's graduate student population was 2% or less of the total student body invited to take the survey, the institution could choose to give the undergraduate survey to their undergraduate and graduate students, and data from their graduate students will be included in this report."

2. We calculated the response rate by dividing an institution's total number of submitted surveys by the number of invited participants. If a QR Code or General Link was used, we divided the number of submitted surveys by the institution's IPEDS undergraduate student population.

Sexual Assault

We have broken down responses to Q15—"Since starting at Institution_Name, have you been sexually assaulted while you were (a) on campus; (b) off campus at an event or program connected with Institution_Name, including study abroad and internships; or (c) at a social activity or party near campus such as at an apartment, restaurant, or bar?"—by class year. Students who answered "No" or "I suspect that I was sexually assaulted, but I am not certain" in Q15 skipped directly to Section Three: Bystander Behaviors (Branch One or Branch Two: Versions One, Two, or Three).

We combined data from Q17—"Where did the sexual assault occur?" shown to students who experienced one assault—and Q18—"Please select how many incidents of sexual assault you have experienced at each of the following locations" shown to students who experienced multiple assaults—to capture where all the sexual assault incidents that students disclosed in this survey took place.

Details about Incidents of Sexual Assault

Students who were sexually assaulted were asked a series of questions about details of the assault. These questions appear on the "Details about Incidents of Sexual Assault" tab. Students who were sexually assaulted multiple times were asked to focus on only one incident of sexual assault when answering these questions. The majority of victims of sexual assault experienced more than one assault, and information on this tab reflects the one assault they chose to describe, not all the incidents they experienced.

"Students who answered "One person" in Q19—"How many people sexually assaulted you?"—saw questions and response options for Q20-Q37 worded to only reflect one assailant. Students who answered "More than one person" or "I am not sure" and students who did not respond to Q19 saw questions and response options for Q20-Q37 worded to reflect multiple assailants."

We combined data from Q17—"Where did the sexual assault occur?" shown to students who experienced one sexual assault—and Q28—"Where did the sexual assault occur?" shown to students who experienced multiple assaults—to show where the one incident of sexual assault that students chose to describe in this survey occurred.
